## A GUNBOAT CAPTURED.

Insurgents Along the Orani River Outwit the Americans.

## OFFICER AND CREW MISSING.

General Otis Notifies the War Department That Natives of the Negros Island May Regain Our Flag.

Manilla, Sept. 25.—The insurgents have captured the United States gunboat Urdaneta, in the Orani river on the northwest side of Manilla bay where she was patrolling. One officer and nine of her crew are missing.

The United States gunboat Petrel, sent to investigate the matter, returned and reported that Urdaneta was anchored opposite the town of Orani on the Orani river. She was riddled with bullets and burned, and the following guns with their ammunition were captured: A one-pounder, one Colt automatic gun, and one Nordenfeldt 25 metre gun. The crew of the Urdaneta are prisoners or have been killed. Further details are lacking.

### History of Captured Boat.

Washington, Sept. 25.—The gunboat Urdaneta, which was captured with her crew at Orani, about 25 miles from Manilla, is a little craft of only 40 tons displacement and not much larger than a small tug. She was captured by the navy early in the war and has been on police duty in the bay for months past. The records of the navy department show that she was one of the boats of which the Oregon is the parent ship. That is, she was supposed to draw all her supplies from the battleship, to be manned from the Oregon's crew and to act under the instructions of the Oregon commander. According to the last reports to the department, the little boat was last May under the command of Naval Cadet Welborn C. Wood, but the personnel of the crew is not a matter of record, being subject to frequent changes. Wood was appointed to the naval academy from Oregon. Naturally the department officials are vexed that the difficulties of the negotiations looking to the release of Lieutenant Gilmore of the Yorktown and his men should be added to by this last misfortune.

### NEGROS INHABITANTS

May Recognize the Authority of the United States.

Washington, Sept. 25.—Two dispatches from General Otis at Manilla were made public by the war department. The first indicates that the insurgents on the island of Negros are about to recognize the authority of the United States. An election in Negros will be held on the second of October. The dispatch follows: "Hughes, Illoilo, reports Lopez and 64 armed men surrendered to Byrne, at Castellano, Negros. Election in that island October 2. Sought conference. Chief Insurgents, Panay, wished to know what promise could be given them in case of formal submission. Told no arrangements possible until surrendered and force disbanded."

The second dispatch says the American flag will be raised in Siliu island. The chief insurgents in Zamboanga are reported willing to accept the authority of the United States, but desire to name conditions which General Otis would not accept. The second dispatch follows:

"Bates returned from Jolo 21st instant, having placed garrisons at Siasi and Bungam, Tawal Tawal group; one company each place. Affairs in archipelago satisfactory. Bates saw insurgents in Zamboanga. Still anxious to receive United States garrison on condition of withdrawal should Aguinaldo succeed in Luzon. Proposition not entertained. Zamboanga having trouble with more Datus in vicinity who have raised United States flag. Dato Cagayan, Sulu island, visited Jolo, gave adhesion and desired to raise American flag instead of Spanish flag on island. American flag will be raised there. Ready to give six months' notice in order to establish in archipelago customs regulations under protocol between Spain, Germany and Great Britain of 1885. Bates' report by mail."

### About the Krupp Gun.

Washington, Sept. 25.—The 16-centimetre Krupp gun destroyed in the insurgent trenches at Olongapo, in Subig bay, is one of the guns sent to that place by the Spanish before the battle of Manilla bay. The insurgents seized the Spanish posts in the bay in July of last year, being assisted by the Raleigh and the Concord, which were sent in by Admiral Dewey to prevent interference by the German cruiser Irene, whose captain had prevented

Aguinaldo's forces from taking Isla Granda at the entrance to the bay. Subig bay is the most important port in the island of Luzon. It will be held as a base of operations against the insurgents.

### PRESIDENT KILGOUR

Refuses to Receive a Committee of Streetcar Employees.

Cincinnati, Sept. 25.—A committee consisting of Rosin Orr, of Detroit, secretary of the Amalgamated Association of Street Railway Employees, Frank Reis, president of the Cincinnati Labor council, George Thobe, president of the Central Labor council at Covington, Ky., one discharged employee and two employees of the Cincinnati Street railway called on President Kilgour and presented demands for 20 cents per hour, 10 hours a day, stools for motormen to use at certain points, arbitration previous to discharges and other matters, reinstatement of all discharged since Sept. 20, when a system of examination was instituted.

President Kilgour refused to receive officially any except the two employees and he would not treat with them as a committee of the Amalgamated association.

### Carnival Week at Denver.

Denver, Sept. 25.—Carnival week opened with favorable weather. An attendance of 100,000 visitors is anticipated. An enormous grand stand, said to be the largest temporary structure of the sort ever erected in the country has been provided, from which the various parades and exhibitions can be seen to the best advantage. The city is gaily decorated. A new feature of the festival is the street fair occupying eight blocks. Rex now rules the city of frivolity and he will publicly crown the queen of the festival of mountain and plain surrounded with pomp and splendor.

### Prisoners Sentenced.

Belgrade, Servia, Sept. 25.—The court rendered judgment in the case of the prisoners who have been on trial for some time past charged with the attempted assassination of former King Milan, of Servia July 6, when he was shot at by a Bosnian named Knezevic. Knezevic and Palsitch, the leaders of the conspiracy, were sentenced to death; 10 others were condemned to 20 years' imprisonment, one to nine years' imprisonment and seven to five years' imprisonment. Six of the men on trial were acquitted.

### Chinese in Philippines.

Washington, Sept. 25.—Secretary Root has received a cable message from General Otis regarding the Chinese situation in the Philippines. He says that the shipload of 700 can be loaded without any serious interference with military operations. General Otis discusses at considerable length the subject of Chinese in the Philippines and the dispatch was referred to the state department where it was made the subject of a conference between Acting Secretary Hill and the Chinese minister.

### Marines to Be Increased.

Washington, Sept. 25.—Brigadier General Charles Heywood, commanding of the marine corps, is in favor of strengthening the marine force at Cavite by another battalion of his corps. The matter has not yet been officially approved by the department, but it is probable that the marines will be ordered, especially in view of the intention of General Otis to let the navy have full swing in the province of Cavite.

### Hearn Brothers Killed.

Palmetto, Ga., Sept. 25.—D. P. Hearn, J. P. Hearn, brothers, and Penn Hearn, were killed by the explosion of a stationary engine boiler in a ginney owned by the Hearn brothers here. The bodies of the dead were horribly mutilated and the building was almost entirely destroyed. The explosion was caused by letting cold water into the boiler when the gauge showed the boiler was almost empty.

### Morton Statue Unveiled.

Washington, Sept. 25.—The life-size white marble statue of former Governor Oliver P. Morton of Indiana was unveiled in statuary hall at the capital. No formal ceremonies attended the unveiling. Among those present were State Senator Charles Chiveley of Richmond, First Assistant Postmaster General Perry S. Heath, former Attorney General Louis Michener and other prominent Indians.

Harrisburg, Pa., Sept. 25.—Governor Stone appointed J. Hay Brown of Lancaster to the vacancy on the supreme court bench created by the death of Judge Henry W. Williams of Wellsboro last winter.

### Arrived at Port Said.

Port Said, Sept. 25.—The United States collier Alexander, which sailed from Norfolk Aug. 30 for Manilla, with a full cargo of coal for the naval station, arrived here.

## THE OTHER CEREMONY

Russian Service Supplemented by a Spectacular Performance.

## TYING OF THE YANKEE KNOT.

Second Edition of the Cantacuzene-Grant Nuptials Occurs as the Climax of Gay Season at Newport.

Newport, R. I., Sept. 25.—The Episcopal marriage service, supplementing that of the Russian Orthodox church, that was observed Sunday which made Prince Cantacuzene, Count Speranzoff, of Russia, and Julia Dent Grant, daughter of Brigadier General Frederick D. Grant and granddaughter of General U. S. Grant, husband and wife was celebrated at All Saints' chapel here at noon. The assembling of invited guests, notable for military distinction, made the ceremony one of the most brilliant ever seen at Newport.

The family and social connections of the bride gave to the wedding a military as well as a diplomatic character and the little church in which it took

MISS JULIA DENT GRANT.

place was bright with blue and gold, the bridegroom's uniforms easily outshining those of the home guard.

A large number of the Newport summer colony had delayed their departure to attend the wedding which came as a climax to one of the gayest seasons ever known at this popular resort.

Rt. Rev. H. C. Potter, Protestant Episcopal bishop of New York, officiated, but in accordance with the laws of the state of Rhode Island, Rev. Dr. Porter, of the Emanuel church of this city, read that portion of the service which legally united the distinguished pair.

A reception followed the wedding ceremony at the Palmer residence, and later the prince and his wife left for New York and St. Petersburg.

On the altar and chancel were suspended a large number of baskets filled with orchids intermingled with a chime of snowy floral wedding bells. Large garlands of bride's roses depended from the bells to two Italian columns forming a bower which almost hid from view the bridal party as it stood at the altar. The only music was that of the organ which gave out the notes of the "Lohengrin" wedding march as the procession entered the church doors.

At the same time Bishop Potter and Dr. Porter, vested for the service, entered the chancel from the vestry followed by the prince and Honore Palmer, a cousin of the bride, who acted as best man by proxy for Grand Duke Cyril of Russia who was unable to be present.

### Bridal Party Enters.

The bridal procession included only Miss Grant and her escort and the ushers as there were no bridesmaids nor any maid of honor. The ushers were: Potter Palmer, Jr., a cousin of the bride; Lockwood Honore, uncle of the bride, Captain Sartoris, a member of General Fitzhugh Lee's staff during the late war, and also a cousin of the bride; Robert L. Gerry, of New York; Roger Wlnthorp of Newport and John Prentiss of New York.

As the bride's father at present is with the army in the Philippines, her brother Ulysses S. Grant, third, a member of the third class at West Point, acted in his place. Mr. Grant wore the full cadet uniform.

Miss Grant was gowned in white. Her dress was severely cut out of the richest white satin, with a sweeping train and veil of tulle. She carried a shower bouquet of stephanotis and lilies of the valley, and wore the gifts of the bridegroom, a corsage ornament of diamonds and enamel and pearls.

The prince as he stepped down from the chancel to meet the bride, was attired in the full uniform of the Chevalier Garde, brilliant with red and gold.

At the chancel ushers separated, three passing to one side and three to the other, while the prince stepped down to meet his bride. The oral

part of the services finished, the organ burst forth with the "Mendelssohn wedding march" and the prince and princess led the way to the chapel door, followed by the ushers.

Among the congregation, besides the immediate family, were Mrs. Ulysses S. Grant, the grandmother of the bride; H. H. Honore, Edwin C. Honore, Mr. and Mrs. Harry Honore, Jr., Mrs. Sartoris, wife of Captain Sartoris Major General Nelson A. Miles; Mrs. Miles and Miss Miles and Lieutenant Colonel Miehner, of General Miles' staff; General Merritt and Major Mott, of his staff; Adjutant General Corbin, Colonel and Mrs. Hein, of West Point; Former United States Minister Samuel Thayer, of Wisconsin; Assistant Secretary of War Meiklejohn; Chauncey M. Depew and many others.

### SUDDENLY CALLED.

Lou Honek, Noted Confidence Man, Drops Dead in Mexico.

Columbus, O., Sept. 25.—Lou Houck, the well known three card monte man, dropped dead from heart disease at Durango, Mexico. His wife lives here. He served a term in the Ohio penitentiary for shooting Paul Lohman on a Hocking Valley train near Delaware early in the eighties. He was captured on the Pacific coast by John T. Norris in a thrilling manner. He was pardoned by ex-Governor Campbell.

The object of such an organization is stated to be to provide for a thorough discussion and consideration of questions of national import.

### Commander Shaw Talks.

Watertown, N. Y., Sept. 25.—Albert D. Shaw, commander-in-chief of the Grand Army, before leaving for Topeka, Kan., said: "I regret all this trouble over the Grand Army's position in the Dewey parade, but it is no fault of the association or the commissioners or authorities of the Grand Army. We believe what is accorded veterans in other states should be granted New York comrades without any wobbling or special pleading. I will not attend the Dewey exercises."

### Plotting in Spain.

Ferrol, Spain, Sept. 25.—Serious disturbances took place here. A mob of 600 stoned the Catholic club and their hall, smashing the windows and the building. The municipal guards charged the rioters, but were repulsed, 11 guards being injured, as well as many civilians. Finally a squad of mounted gendarmes dispersed the rioters. The authorities have proclaimed the city under martial law.

### Sayers Satisfied.

Austin, Tex., Sept. 25.—Governor Sayers and Attorney General Smith have returned from the St. Louis antitrust conference. ## STILL MARKING TIME.

War Enthusiasts Are Simply Waiting For Developments.

## PROBABLE ACTION OF RAAD.

Will the Orange Free State Decide to Link Arms With the Transvaal in Struggle With John Bull?

London, Sept. 25.—Another week has opened with the Transvaal situation marking time. No news has yet been received of the delivery at Pretoria of the last British despatch.

The next big news will be the decision arrived at by the raad of the Orange Free state, whose secret deliberations is expected to close soon, and it will come as a great surprise if the raad does not decide to link arms with the Transvaal.

Neither the Jingoies nor the anti-war party are very proud of Sunday's affair on Trafalgar square which proved nothing except that a mob is always "Jingo."

### Arrival of Refugees.

### The Tobacco Workers.

Washington, Sept. 25.—The Industrial commission listened to a statement concerning the operations of the Tobacco Workers' International union from Mr. E. C. Evans of Louisville, Ky., founder of the order, and now its secretary and treasurer. He said that about 80 per cent of the tobacco manufactured in the United States was produced by the two combines known as the American and Continental Tobacco companies and he expressed the opinion that such combinations were not beneficial to labor. He cited one instance in which three manufacturers had been absorbed by the American company, resulting in throwing 500 and 600 employees out of work. In another case wages had been reduced from \$2.50 to \$1.25 per day after consolidation. Mr. Evans said that the women stood on the same footing as men in the union, voting and holding office and drawing the same wages.

WEATHER FORECAST FOR KENTUCKY—Fair Tuesday; Wednesday fair; probably warmer in western portion; northern to east winds.

An exchange says if you throw a rock at the trusts every Republican leader dodges. Strike the trusts a blow and the whole Republican party shivers.

The "vile" stuff Republican and Brown papers are publishing about Democrats is making votes for Goebel. Keep it up, gentlemen. If you believe Democrats are half as bad as you represent them, it is very strange that you even associate with them.

Tobacco Trust Representative Fighting Goebel.

[Spencer Courier.]

Tobacco men should remember that the great tobacco trust has joined the other trusts in fighting Goebel and the Democratic ticket. Mr. Doerhoefer, of Louisville, is a member of the Brownie State Executive Committee. He is the Kentucky representative of the American tobacco trust. Over 90 per cent. of all the burley tobacco used in the manufacture of chewing tobacco is grown in Kentucky. The American tobacco trust has eliminated from Kentucky every purchaser of burley tobacco but one—the trust itself—and it is therefore able to fix prices to suit itself. Kill the tobacco trust along with the railroad trust.

### NAME IT,

If You Know of an Instance Where Trusts Reduced Prices.

Figures Show How the Combines Are Robbing the People.

[Enquirer.]

A dispatch to the Enquirer told of the warfare of the commercial travelers on trusts and on Hanna as the head and front of the evil. It was stated that they claimed that the trusts, instead of lowering prices, increased the burdens of the consumer. Recently the American Anti-Trust League had representatives call on 500 manufacturers in New York City as to the effect of the trusts on the prices of commodities. The agents turned in reports at the time of each interview, many of them signed by the person giving the information. No commodity was discovered as having been decreased in price. The advances range from 5 to 50 per cent. In the list are the following articles which nearest touch daily life:

Dressmakers' supplies, advance in everything from 15 to 25 per cent.

### TWO BUGGIES WRECKED.

Occupant of One Has an Arm Broken—Exciting Runaway on East Second Street Monday Evening.

There was an exciting runaway on Second street, just west of Commerce, about 5 o'clock Monday afternoon.

Mr. Deb Rankins who resides near the Stone Lick church was returning home in a buggy. As he was passing the switch near Mr. W. B. Mathews' residence his horse suddenly scared at an electric car and started to run.

The runaway rig had gone but a short distance when it collided with Dr. Yazell's buggy, splintering one of the hind wheels, and throwing Dr. Yazell and Mrs. A. Schaeffer, who was with him, both out on the street. Mr. Rankins was next thrown out of his buggy, and the horse in trying to pass between a post and Mathews & Co.'s lumber shed, on the corner of Commerce took two wheels off of the vehicle, and left it badly wrecked.

Mrs. Schaeffer was assisted into Dr. Williams' residence, where it was found that she had escaped with some painful bruises and a bad shock from the scare.

Dr. Yazell was fortunate enough to escape without injury.

Mr. Rankins fared worse than the others. His left arm was badly fractured at the elbow and he was considerably bruised. He was carried into Mathews & Co.'s office where Dr. Owens dressed his injuries and he was then taken to the home of Councilman Tolle. This morning he was able to be removed to his home.

### SECRETARY HAY'S SNOBERRY.

Imperialism Coming Home to Roost—Visions of the President's Cabinet in Court Dress.

[Hamilton (O.) Democrat.]

John Hay, the Secretary of State, endorses a proposition to adopt a special court dress or uniform to be worn at all state functions in Washington. Here is imperialism come home to roost.

Hay, if we remember correctly, wore black satin knickerbockers and silk stockings at the court of St. James, thereby vastly agitating the lorgnettes of royalty. He seriously favors a black satin coat with gold frogs down the front, a wide fringe of gold embroidery

around the hem, and a Valenciennes saute around the wrists. This, with satin knickerbockers, silk stockings and pumps, approximates the idea of Hay.

In this connection we have inspiring visions of the Imperial Cabinet of McKinley, dressed within an inch of its life. What snobbery is this? What an abject aping of the furs and feathers of royalty!

### MR. WM. H. HANEY.

An Old Citizen of the Fifth Ward Died Suddenly Monday Morning After a Brief Illness.

Mr. William H. Haney died suddenly Monday morning about 7 o'clock at his home on Forest avenue, of old age. He was able to be up and about the house Sunday. While he had been in rather feeble condition, yet he suffered no pain, and his death was the result of the exhaustion of the vital forces.

Mr. Haney was seventy-four years of age on the 5th of last July. He leaves four children—Miss Ethel and Mr. Arthur Haney of this city, Mr. Wm. S. Haney of Portsmouth, and Mrs. Lillian Grayson, of Cincinnati. His wife died last March.

The funeral takes place this afternoon at 2:30 o'clock at the residence. Burial in the Maysville cemetery.

Deceased was a member of Amazon Fire Company, and the members will meet at the hall at 1:30 o'clock to attend the funeral.

Mr. Haney was a ropemaker by trade and was engaged in that business some years ago in this city. He was born in Cincinnati. Besides the relatives named above he leaves one sister, Mrs. Mary E. Morgan, of Lewis County.

The funeral services will be conducted by Rev. Geo. E. Rapp.

Mr. Sam T. Hickman moved that the delegates be instructed to vote for Mr. Wm. D. Cochran for State Senator. Mr. Geo. II. Owens stated that Mr. Cochran had never announced himself as a candidate, but there was another good Republican in the house who had been announced for some time, and he thought it would be an act of courtesy and not fair and right to thus ignore an open candidate and instruct for some one else.

After some further talk, Mr. John Short offered an amendment that the delegates go uninstructed. While the amendment was being voted on, Mr. Hickman withdrew his motion to instruct for Mr. Cochran. The amendment, however, was adopted, and the convention then adjourned.

There is talk of renominating Senator J. D. Rumman.

Mr. Dean, the nominee for Representative, formerly lived at Hillsboro, O. He moved to Maysville some years ago and has been engaged in the egg and poultry business, being a member at present of the Henderson-Johnson Company, now conducting the business on Sutton street.

CHICAGO, Sept. 25.—To-day's game postponed on account of rain.

To the Editor of the Daily Bulletin—Dear Sir: I sent you a poem last week and asked you to publish it in your paper. You declined and returned it to me with the crushing reply that I was no poet and that you "could turn out better poetry out of a sausage machine." Now I won't be crushed, and I propose to show up your attempt to throttle budding genius. Publish this card and the following poem in your columns and charge me at your advertising rates. Yours, JAMES METCALFE RILEY.

### THE POEM.

I stood upon the ocean's sandy beach  
And with a weep I wrote upon the sand these words:  
    "Agnes, I love thee!"  
But the winds came and the waves rolled moun-  
tain high  
And blotted out the impression.  
Cruel waves, treacherous sand, fragile reed;  
No longer will I trust thee.  
But from the highest mountain peak I'll pluck  
the tallest pine,  
And, dipped in the crater of Vesuvius, with it I  
will write  
Upon the high and burnished heavens these  
words:  
    "A Wise Woman" is drawing the largest audi-  
ence ever known,  
And giving an entertainment that will take your  
breath away.  
And I would like to see some dog gone wave  
wash that out.

### CAMPAIGN CONTRIBUTIONS.

All Judicial Aspirants Chipped In  
Several Thousand Dollars.

New York, Sept. 25.—The Mazet committee took up the subject of contributions by judicial candidates for campaign expenses and examine several of the judges of this county. The witnesses who had contributed all the way from \$4,000 to \$10,000 each for the purpose indicated were unanimous in saying that this had no influence upon them in their judicial capacity. As to the propriety of the practice there was a division of opinion though the majority expressed a willingness to bear a proper proportion of the cost of the election. Chairman Mazet said the committee wished to learn the views of the judges on the question of the propriety of a law forbidding candidates for the judiciary to contribute to campaign funds.

A prominent merchant declares "that the money expended for advertising is the same as if placed on interest." This is the proper view to be taken of advertisements placed in a popular newspaper. Not only is there a valuable return resulting from the profits in wares which may be specified in a merchant's business announcement, but the additional sales made extend and more firmly establish the advertiser's trade. Thus this great medium of communication with the public enables the tradesman to enlarge his sphere of operations, and as a consequence to assume a more important standing in the commercial world. The returns far the merchant's outlay in advertising far exceed in value the interest that would be received on the amount of money so expended.—Philadelphia Record.

## POOR POSTAL SERVICE.

People Along the Maysville Division Are Entitled To Better Mail Facilities.

[Lexington Herald.]  
\* \* \* The worst service in Central Kentucky, however, as far as known, is the service along the Maysville branch of the K. C. railroad, from Paris to Maysville. How and why the people along there have stood it as long as they have without exhausting every effort to have it bettered is hard to understand. It is a good example of how the American people will allow things to go along without making a row. At a few of the largest towns along that route the Herald is enabled to get to its subscribers on the day of issue; to the smaller postoffices it does not get until at the best late at night on the next day, and often not at all.

Under the present arrangement the mail agent leaves Maysville in the morning, goes to Paris and then on to Cincinnati and returns in the afternoon by way of Paris to Maysville, so that mail put in the office early one morning goes to Paris on the 7 o'clock train, lays over there till the mail agent comes back from Cincinnati and then goes on toward Maysville to be delivered the next morning. The Lexington office fixes up large packages for the larger offices so they can go to their destination on the first train, but the mail for the smaller office is distributed either at Paris or on the train and if in good luck he to whom it is directed gets it the next day. That is, it takes as long to send a letter from Lexington to any of the smaller offices along that route, from thirty to sixty miles, as it does to send a paper to New York, over 600 miles, ten to twenty times as far. A registered letter put in the Lexington office as soon as it opens, goes to Cincinnati and lays there till the next morning and then goes to Maysville and is delivered about the same time a letter mailed to New York would be delivered.

If the people along that route would make a real effort, invite the aid of their Congressmen and the Senators from Kentucky, their service would probably be improved. Such an effort could certainly do no harm, for it could not be worse than it is at present. There is nothing that gives greater comfort and is more real service to any community than prompt and frequent mail facilities. With proper effort service can usually be attained and though it is sometimes a rather discouraging matter to try.

### GLORIOUS NEWS

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have suffered,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by J. J. Wood & Son, druggists. Guaranteed.
